

Happy Hollydays

November 29, 2007

Dear Gardeners and Habitat Folks,

This will be a short newsletter, but wanted to fill you in on all the latest! I understand Harry the Hawk was released – without any fanfare – as he was quite skittish! So – a job well done!

Enclosed is an invitation to our Christmas party- please note the change from our regular meeting date and where the party will be. I ask that you PLEASE contact Joy or me and let us know if you will be coming! Since this is at Joy and Rex's home, she needs to know how many to plan for. You might also let her know what you will be bringing for your covered dish. We hope to see you on Thursday, December 13 at 7 PM. Please note that the parking at the Simms' is fairly limited. You may also park in the drive of the first home on Harts Mill (Mary Freeman). Carpooling is also an idea. It is dangerous to park on Harts Mill Road, with all its traffic. We hope to see you there for an evening of fun and fellowship!

Saturday, December 1, The Chamblee Community Wildlife Habitat will be having an exhibit at the Chamblee Centennial Celebration at City Hall. We will have a table in the firehouse. I will have everything ready – if any of you can sit for an hour or two in the afternoon, it would be a great relief for me! 8 hours is a long time! I will set up and take down.

Our January 3 meeting will feature Lauren Green of Dunwoody Nature Center. Lauren is an expert on dogs of the wild and will be talking with us about the coyotes that are becoming prolific in Chamblee, and also about the introduction of the red wolves back into North Carolina. I hope to have a speaker on nuisance wildlife in February and Eddie Rhoades will be back in March. So – this is a great lineup for the first of the year. Please try to join us – we need to support our speakers. Dave Smith did a great job in November!

In the meantime, keep on praying for rain.... And have a great holiday season!

Much love, *Kay*
